

DR. CONNY ATHANASOPOULOS

## WELCOME TO OUR PRACTICE!

We are pleased that you have chosen our practice for your orthodontic needs. We know that you will enjoy your experience with our team!

Enclosed in this package, is our *ACP Orthodontics practice brochure* to introduce our practice to you and your family. You may wish to view our website at [www.acportho.com](http://www.acportho.com) for more information.

There is no fee for your initial visit as we will assess your orthodontic needs to determine if this is the proper time to begin treatment. Should it be determined that you are a candidate to benefit from orthodontic treatment, we may initiate diagnostic records at this visit. This involves taking specialized digital photos, digital radiographs and study models of your teeth so we may customize our treatment plan for you. Please complete the dental insurance information to aid in providing you with a preauthorization for any recommended treatment.

Please contact us should you have any questions or require any assistance in filling out the enclosed questionnaire.

**Thank you for completing and returning our Questionnaire and Patient Consent Form at your initial visit appointment.**

We all look forward to meeting you \_\_\_\_\_ in Winnipeg / Kenora.
